Changing Email Verbiage 📋

Would it be possible to allow banks to change their own email verbiage?

This is possible, but if a mistake is made in the verbiage, the borrowers will receive it that way. We would suggest that this feature should be available only to the Super Admin.

I would like to be able to change it as VidVerify's Admin for VidVerify Account since I am using it for a different purpose. Can we do it for VidVerify account?

Yes we can provide a feature that will be only available for VidVerify account.
